CONTENTS OF VOLUME 26

Abelson, M. L., & Reid, L. D. **Methadone and intake of palatable fluids** 71

Akkok, F., Czirr, S. A., & Reid, L. D. **Small doses of morphine and intake of water** 556

Algarabel, S. See Soler, M. J.

Allen, J. L., Saadati, S. E., Clements, C. L., & Moriarty, D. D., Jr. **Effects of feedback, competitor's gender, and locus of control on reaction time of females** 242

Allen, J. L. See Moriarty, D. D., Jr.

Allison, J. **An economic analysis of the observing response in the pigeon** 573

Alsop, B. See Davison, M.

Andrulot, J. P. See Siegel, P. S.

Anger, D. **The balance equation: Part 2. Derivation of the balance equation for response-specific inhibition** 55

Armus, H. L. **Effect of response effort requirement on relative frequency of short interresponse times: CRF and FR-5 reinforcement schedules** 139

Armus, H. L. See Swiergosz, M. J.

Atkinson, L. **The measurement-statistics controversy: Factor analysis and subinterval data** 361

Auday, B. C., Sullivan, C., & Cross, H. A. **The effects of constrained rehearsal on judgments of temporal order** 548

Azorlosa, J. L., & Cicala, G. A. **Increased conditioning in rats to a blocked CS after the first compound trial** 254

Bailey, D. C., Deni, R., & Finn-O'Connor, A. **Operant response requirements affect touching of visual reinforcement by infants** 118

Bain, J. D. See Humphreys, M. S.

Baker-Ward, L., & Ornstein, P. A. **Age differences in visual-spatial memory performance: Do children really out-perform adults when playing *Concentration*?** ... 331

Barker, G. R. See Wastell, D. G.

Beatty, W. W., & Spangenberger, M. **Persistence of geographic memories in adults** 104

Bellezza, F. S. **Reliability of retrieving information from knowledge structures in memory: Scripts** 11

Belmont, J. M., & Borkowski, J. G. **A group-administered test of children's metamemory** 206

Bergey, D. B. See Saintsing, D. E.

Besner, D. **Visual word identification: Special-purpose mechanisms for the identification of open and closed class items?** 91

Bicas, H. E. A. See Velasco e Cruz, A. A.

Bjork, R. A. See Richardson-Klavehn, A.

Blackburn, J. R. See Jacobs, W. J.

Blumstein, S. See Milberg, W.

Blusewicz, M. J. See Gervasio, A. H.

Boice, R., & Gardner, R. M. **A computer program to generate parametric and nonparametric signal-detection parameters** 365

Boles, D. B., & Morelli, M. L. **Hemispheric sensitivity to spatial frequencies** 552

Bolles, R. C. See Mehiel, R.

Borkowski, J. G. See Belmont, J. M.

Bouton, M. E. See Swartzentruber, D.

Bower, G. H. See Franklin, N.

Bradley, M. M., Cuthbert, B. N., & Lang, P. J. **Perceptually driven movements as contextual retrieval cues** 541

Buss, T. J. See Lindgren, C. J.

Butler, D. L. **Some effects of support on perceived shape of depicted objects** 214

Buttrick, M. See Jacobs, W. J.

Capaldi, E. J., & Miller, D. J. **Rats classify qualitatively different reinforcers as either similar or different by enumerating them** 149

Carvajal, H., Karr, S. K., Hardy, K. M., & Palmer, B. L. **Relationships between scores on Stanford-Binet IV and scores on McCarthy Scales of Children's Abilities** .. 349

Case, T. J. S. See Honeck, R. P.

Castillo, J. See Matzel, L. D.

Cave, C. See Ragot, R.,

Challis, B. H., & Krane, R. V. **Mood induction and the priming of semantic memory in a lexical decision task: Asymmetric effects of elation and depression** 309

Chaves, L. M. See Figler, M. H.

Chiszar, D. See Melcer, T.

Cicala, G. A. See Azorlosa, J. L.

Clements, C. L. See Allen, J. L.

Collyer, C. E. **Parameter estimates depend both on the source model and on the fitted model: An example** . 289

Colombo, P. J., Davis, H. P., Simolke, N., Markley, F., & Volpe, B. T. **Forebrain ischemia produces hippocampal damage and a persistent working memory deficit in rats** 375

Cormier, P., Tomlinson-Keasey, C., & Geary, D. C. **Gender and hemispheric specialization differences in the learning of Morse code letters** 399

Cowart-Steckler, D. See Flaherty, V. L.

Cox, W. M. **Effects of alcohol on simultaneous incentive contrast** 441

Cox, W. M. **Effects of alcohol on successive incentive contrast** 67

Crestoni, L. See Masin, S. C.

Cross, H. A. See Auday, B. C.

Crow, L. T. **Alcohol effects on variability-contingent operant responding in the rat** 126

Crow, L. T., Quevedo-Converse, Y. G., & Moorhead, E. M. **Alcohol effects on variability of timing responses to single-ear or dual-ear stimulation** 359

Curran, P. J. See Thomas, D. R.

Cuthbert, B. N. See Bradley, M. M.

Czirr, S. A. See Akkok, F.

Dabbs, J. M., Jr., & Ruback, R. B. **Saliva testosterone and personality of male college students** 244

Davis, H. P. See Colombo, P. J.

Davis, S. F., Hoskinson, K. J., Wilder, K. A., Sander, J. A., Larsen, R. K., & Knapp, M. **A cross-species analysis of the aversiveness of denatonium saccharide and quinine** 419

Davis, S. F. See Kixmiller, J. S.

Davison, M., Alsop, B., & Denison, W. **Functional equivalence of fixed-interval and fixed-delay schedules: Independence from initial-link duration** 155

Deni, R. See Bailey, D. C.

Denison, W. See Davison, M.

Derks, P., & Hervas, D. **Creativity in humor production: Quantity and quality in divergent thinking** 37

Dewsbury, D. A. **Mating capacity of male deer mice (*Peromyscus maniculatus bairdi*) copulating with successive females** 265

Diehl, V. A., & Horton, D. L. **Encoding context effects in recognition and cued recall** 393
Dollinger, S. J., & Seiters, J. A. **Intrinsic motivation among clinic-referred children** 449
Drake, R. A. **Cognitive style induced by hemisphere priming: Consistent versus inconsistent self-report** 313
Dworetzky, B. See Milberg, W.
Elliott, D. See Jones, R.
Ellis, N. R., & Palmer, R. L. **Instructional effects in memory for frequency of occurrence** 197
Fano, M. See Ragot, R.
Fanton, V. See Masin, S. C.
Ferguson, E. D. **Motivational influences on word recognition: I. Foveal and parafoveal viewing** 203
Figler, M. H., Wazlavek, B. E., & Chaves, L. M. **Territorial prior residence effect versus intruder size advantage in convict cichlids (*Cichlasoma nigrofasciatum* Günther)** 469
Finn-O'Connor, A. See Bailey, D. C.
Firment, M. See Honeck, R. P.
Flaherty, V. L., Cowart-Steckler, D., & Pollack, R. H. **Magnitude of fixation effect as influenced by estrogen fluctuations during the menstrual cycle** 115
Frank, H. See Frank, M. G.
Frank, M. G., & Frank, H. **Food reinforcement versus social reinforcement in timber wolf pups** 467
Franklin, N., & Bower, G. H. **Retrieving actions from good hierarchies** 15
Fucci, D. See Harris, D.
Gallant, J. L., & Garner, W. R. **Some effects of distance and structure on conjunction errors** 323
Garcia, J. See Yirmiya, R.
